

'Wash your hands please'

Periodic Voice Announcement System

With a pleasant, urging voice, this device will periodically prompt your staff to cleanse their hands, thereby:

Stressing the importance of hand hygiene at your health care facility;

Setting a regimen for hygiene practice; and
Instilling confidence in patients.

Features:

Solid state recording of voice ensures thousands of cycles without deterioration.

Voice can be in language of your choice or from your own recording.

Announces automatically every 30 or 60 minutes (selectable).

Hi-fidelity electronics for clarity and crystal controlled timer for accuracy.

Custom designed iconic shape for announcements.

Separate volume controls for day & night.

Works directly off AC mains.
